Here are the posts published or planned so far on Fluent C++.
The posts marked with a ✓ are those I believe are the most adapted for a Daily C++ session.
I will add more, but if there is something in particular you'd like to read about, let me know!
About Attitude
The primary focus of the blog is on code so this section is slimmer than the rest, but it's always useful to consider how to approach code from time to times.
The Right Attitude to Deal with Legacy Code
The Failler: a new way to learn at work
50 People's Opinions About How To Get Better As A Software Developer
7 Ways to Get Better at C++ During this Summer
What Books to Read to Get Better in C++
